

BIOL 1322
Nutrition & Diet Therapy
Fall 2026

LAMAR INSTITUTE
OF TECHNOLOGY

CREDIT

3 Semester Credit Hours (3 hours lecture, 0 hours lab)

MODE OF INSTRUCTION

Face to Face

PREREQUISITE/CO-REQUISITE:

None- a basic understanding of chemistry and general biology is helpful.

COURSE DESCRIPTION

This course introduces general nutritional concepts in health and disease and includes practical applications of that knowledge. Special emphasis is given to nutrients and nutritional processes, including function, food sources, digestion, absorption, metabolism, interaction, storage, and excretion. Food safety, availability, and nutritional information, including food labels, advertising, and nationally established guidelines, are addressed.

COURSE OBJECTIVES

Upon completion of this course, the student will be able to:

- Apply nutritional knowledge to analyze personal dietary intakes, to plan nutritious meals using nationally established criteria to meet recommended goals, and to evaluate food labels and the validity of nutritional claims
- Trace pathways and processes that occur in the body to handle nutrients and alcohol through consumption, digestion, absorption, transport, metabolism, storage, and waste excretion
- Discuss functions, sources, deficiencies, and toxicities of macro-and micronutrients, including carbohydrates, lipids, water, vitamins, and minerals
- Apply the concept of energy balance and its influences at the physical, emotional, societal, and cellular levels to evaluate advantages and disadvantages of various methods used to correct energy imbalances
- Utilize concepts of aerobic and anaerobic energy systems, and knowledge about macronutrients, vitamins, minerals, ergogenics, and supplements, and relate them to fitness and health
- Describe health and disease related to nutrition throughout the life cycle, including food safety, corrective dietary modifications, and the influence of specific nutrients on diseases
- Discuss the role nutrition plays in the current health care delivery system and how nutrition can be emphasized to promote health maintenance

Approved: **Initials/date**

CORE OBJECTIVES

1. **Critical Thinking Skills:** To include creative thinking, innovation, inquiry, analysis, evaluation and synthesis of information
2. **Communication Skills:** To include effective development, interpretation, and expression of ideas through written, oral, and visual communication
3. **Empirical & Quantitative Skills:** To include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. **Teamwork:** To include the ability to connect choices, actions, and consequences to ethical decision-making

INSTRUCTOR CONTACT INFORMATION

Instructor: Dr. Tara Torres

Email: ttorres4@lit.edu

Office Phone: 409-247-4858

Office Location: MPC 213

Office Hours: See Starfish for available office hours

REQUIRED TEXTBOOK AND MATERIALS

- Computer with internet access
- REQUIRED = Textbook - OpexStax Nutrition for Nurses [Click Here for Online Textbook](#)
- Your textbook for this class is available online for free. If you prefer, you can also get a print version at a very low cost. Your book is available in web view and PDF for free. You can also purchase it on iBooks or get a print version through the campus bookstore or OpenStax on Amazon.com.

Hardcover: ISBN-13: 978-1-711472-77-5

Paperback: ISBN-13: 978-1-711472-76-8

ATTENDANCE POLICY

1. Lectures, classroom discussion, activities, and labs promote understanding of key concepts. Please try to avoid unnecessary absences. If you are absent, you must make up the work in the allotted time frame. Students must make up exams the day they return and must make up labs within one week of absence at a day and time scheduled with the instructor.
2. Late assignments will be accepted with a deduction as a late penalty, **with the exception of interactive quizzes given** during class. Students will receive a zero for incomplete assignments.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process by the specified date as listed in the College Calendar on the [Student Success](#) web page. If you stop coming to class and fail to drop the course, you will earn an "F" in the course.

Tentative Calendar *Instructor reserves the right to modify as needed*

Week	Assignments	Due Date
Week 1 Aug 25 th and 27 th Module 1 Nutrition Introduction Chap1: Introduction	 Syllabus Quiz/Syllabus Acknowledgment Read Chapter 1 ➡Click Here for Chapter 1: Introduction to Nutrition for Nurses ☐ DRI Calculator Worksheet ☐ Activity: Interpreting Food Labels and Analyzing Diets ☐ Read over Individual Project (Nutritional Analysis) <i>Due 10.16.26</i> ☐ Join a group for Group Project: FAD Diets <i>Due 11.20.26</i>	08.30.26 08.27.26
Week 2 Sep 1 st and 3 rd Module 1 Nutrition Introduction Chap1: Introduction	Read Chapter 1 ➡Click Here for Chapter 1: Introduction to Nutrition for Nurses ☐ Interactive Review Games ☐ Dietary Calculations Worksheet ☐ Poster Activity ☐ Work on Individual Project (Nutritional Analysis) <i>Due 10.16.26</i> ☐ Work on Group Project: FAD Diets <i>Due 11.20.26</i>	 09.03.26

<u>Week 14</u> Nov 24 th Thanksgiving Holiday Nov 26 th	 Group Project Presentations on Tuesday, November 24th ☐ Sleep, rest, relax ☐ Enjoy time with family and friends ☐ Netflix, etc. ☐ Exercise ☐ Read a good book ☐ Do something nice for someone	
<u>Week 15</u> Dec 1st and 3rd <u>Module 4</u> -Pregnancy -Sports Nutrition -Life Stages	☐ Mix and Match Life Stages ☐ Sports Nutrition ☐ Patient Diets ☐ Final Exam Review activities	12.03.26
<u>Week 16</u> Dec 7th - 9th FINAL EXAM	 FINAL EXAM Opens 12.06.26 and Closes 12.08.26 @ 11:59 pm (<i>Modules 1 - 4</i>) ☐ Congratulations!! You made it!! Celebrate 😊 🎉	12.08.26

COURSE EVALUATION

Final grades will be calculated according to the following criteria:

1. Discussion	10%
2. Quizzes	20%
3. Midterm & Final Exam	30%
4. Individual & Group Project	20%
5. Assignments	20%
	100%

GRADING SCALE

90-100	= A
80-89	= B
70-79	= C
60-69	= D
0 – 59	= F

TECHNICAL REQUIREMENTS

For the latest technical requirements, including hardware, compatible browsers, operating systems, etc., review the Minimum Computer and Equipment Requirements on the [LIT Online Experience](#) page. A functional broadband internet connection, such as DSL, cable, or WiFi, is necessary to maximize the use of online technology and resources.

Quizzes and Exams in this course are administered through Blackboard. Exams will be administered with Respondus **LockDown Browser + Respondus Monitor (webcam)**

Requirements to take exams include:

- A reliable computer, desktop or laptop (phones, Chromebooks, tablets, and iPads are not allowed).
- Windows: 10, 8, 7
- Mac: OS X 10.10 or higher
- Adobe Flash Player (bundled with the LockDown Browser installation)
- Web camera (internal or external) & microphone
- A reliable internet service provider. A broadband internet connection.
- A room to take the exam where you are alone (other individuals in the room are not allowed)

Respondus **LockDown Browser + Respondus Monitor (webcam)**

Download Instructions:

- Select the quiz in the course
- Under Quiz Requirements, you will see "To take this quiz you must use the Respondus LockDown Browser"
- Below this, you will see: "You can use the button below if you have not already downloaded LockDown Browser". Click the button to go to the download page and then follow the instructions
- Use the link to download Respondus LockDown Browser to your computer; follow the installation instructions
- Return to the Quiz page in Brightspace (it may still be open in another tab) and select the quiz
- Select "Launch LockDown Browser"
- The quiz will now start

Note: You only need to install LockDown Browser once on a computer or device. It will start automatically from then on when a quiz requires it.

Guidelines while taking an online quiz:

- Ensure you're in a location where you won't be interrupted.
- Turn off all other devices (e.g., tablets, phones, second computers) and place them outside of your reach.
- Before starting the test, know how much time is available and ensure you've allotted enough time to complete it.
- Clear your desk or workspace of all external materials not permitted - books, papers, other devices.
- Remain at your computer for the duration of the test.
- If your computer, Wi-Fi, or location differs from what you used previously with the "Webcam Check" and "System & Network Check" in LockDown Browser, run the checks again before the exam.
- To produce a good webcam video, do the following:
 - Avoid wearing baseball caps or hats with brims.
 - Ensure your computer or device is on a firm surface (a desk or table). Do NOT place the computer on your lap, a bed, or any other surface where the device (or you) is likely to move.
 - If using a built-in webcam, avoid readjusting the screen tilt after the webcam setup is complete.

- Take the exam in a well-lit room, but avoid backlighting (such as sitting with your back to a window)
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until you complete and submit all questions.

The following violations during testing will result in a grade of zero or reduction in points:

- Using technology or electronic devices, including but not limited to iPads, phones, smart glasses, earbuds, and smartwatches.
- Leaving the testing environment or face missing from frame or obscured.
- Noises that might indicate external help.
- Any other questionable activities indicating cheating.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504, and the Americans with Disabilities Act of 1990 to students with a diagnosed disability. The Special Populations Office is located in the Eagles' Nest Room 129 and helps foster a supportive, inclusive educational environment by maintaining partnerships with faculty and staff and promoting awareness across the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at [Special Populations - Lamar Institute of Technology \(lit.edu\)](https://www.lit.edu/specialpopulations).

STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand, and abide by all published policies, regulations, and procedures listed in the *LIT Catalog and Student Handbook*. You can access the *LIT Catalog and Student Handbook* at www.lit.edu. Please note that the online version of the *LIT Catalog and Student Handbook* supersedes all other versions of the same document.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes that recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their chosen careers, LIT aims to guide them in the ethical use of these technologies and to incorporate AI appropriately into classroom instruction and assignments. Instructors determine appropriate use of these technologies. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions about the acceptable use of AI/ChatGPT in their courses.

STARFISH

LIT uses an early-alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also log in to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. Students are responsible for monitoring these emails and Starfish information and considering the recommended actions. Starfish is used to help you be a successful student at LIT.

ADDITIONAL COURSE POLICIES/INFORMATION

1. A Midterm and Final are required and must be completed using Respondus LockDown Browser, with two attempts allowed per assessment. The final score will be an **average of both attempts**.
2. Students will complete an individual project.
3. Late assignments will be accepted, but a late penalty will be applied. Interactive quizzes given at the beginning of class cannot be made up. Students will receive a zero for incomplete assignments.
4. Cell phones should be visible and in use only during an activity designated by the instructor. Otherwise, put them away and focus on learning and participating in activities. *Students who continually use their cellphones for purposes other than class will lose etiquette points or be asked to leave for the day.*
5. Students are expected to follow the guidelines for testing in the 'Respondus Academic Integrity Policy'. The following violations during testing might result in a grade of zero or a reduction in points:
 - o Using technology or electronic devices, including but not limited to iPads, phones, smart glasses, earbuds, and smartwatches.
 - o Leaving the testing environment may result in a face being missing from or obscured in the frame.
 - o Noises that might indicate external help.
 - o Any other questionable activities that indicate cheating.

ACADEMIC DISHONESTY

Students found to be committing academic dishonesty (cheating, plagiarism, or collusion) may receive disciplinary action. Students must familiarize themselves with the institution's Academic Dishonesty Policy, available in the Student Catalog & Handbook at <http://catalog.lit.edu/content.php?catoid=3&navoid=80#academic-dishonesty>.

STUDENT EXPECTED TIME REQUIREMENTS

For every hour in class (or unit of credit), students should expect to spend at least two to three hours per week studying and completing assignments. For a 3-credit-hour class, students should prepare to allocate approximately six to nine hours per week outside of class in a 16-week session OR approximately twelve to eighteen hours in an 8-week session. Online/Hybrid students should expect to spend at least as much time in this course as in the traditional, face-to-face class.
