

PROFESSIONAL NURSING CONCEPTS II (RNSG 1126)

CREDIT

1 Semester Credit Hours (1 hour lecture, 1 hour lab) 32 Contact Hours

MODE OF INSTRUCTION

Face to Face, Hybrid (web assisted)

PREREQUISITE/CO-REQUISITE:

Prerequisites: RNSG 1311, RNSG 1125, RNSG 1128, RNSG 1160, RNSG 1216, RNSG 1330

Co-Requisites: RNSG 1433, RNSG 2361

COURSE DESCRIPTION

Expanding professional nursing concepts and exemplars within the professional nursing roles. Applying concepts of clinical judgment, ethical-legal, evidence-based practice, patient-centered care, professionalism, safety, and team/collaboration to the exemplars presented in the Health Care Concepts II course. Introduces concepts of leadership and management. Emphasizes role development of the professional nurse. This course lends itself to a concept-based approach.

COURSE OBJECTIVES/ COURSE MEASURABLE LEARNING OUTCOMES

Upon completion of this course, the student will be able to		End of Program Student Learning Outcome (EOP SLO)	Differentiated Essential Competency (DEC)
1.	* Demonstrate the attributes and roles of the professional nurse;	1,5	MOP A1a,b,c, A2, A3, A4, B1a,b,c,d,e, B7a,b, C1, C2, C4, C5a, D4
2.	*Apply a systematic problem-solving process for the development of clinical judgement;	2,3,8	PCC A1a,b, B1, C6
3.	*Identify the legal-ethical parameters for professional nursing practice as related to selected exemplars;	5	MOP B1a,b,B2a,b, B3 PCC D1c, E8, E9 MHCT A4b
4.	*Describe professional nursing techniques in providing patient-centered care;	4	PCC B3, C2a,b, G1b
5.	*Describe professional collaboration with members of the health care team;	1,5,7	MHCT A1a,b, A3b

**LAMAR INSTITUTE
OF TECHNOLOGY**

6.	*Discuss roles of leadership/management including principles of delegation.	5,6,7,8	MOP B5 , C5a,b,c PCC D1e , D4a,b, D5a, E2, H5 PSA F1a,b,c , F2 MHCT E1 , E2a,b,c,d,e, E3, E4a,b, F1
7.	Interpret Institute of Medicine (IOM) and Quality and Safety Education for Nurses (QSEN) competencies in the medical-surgical setting.	5	MOP B4 , B6a,b, B8 PCC B10 PSA A1 , A2, A3, A4, A5, A6, B1a,b, B2, C2
8.	Use professional assertive communication (verbal, written, and health information technology) to advocate for individualized patient needs across the lifespan.	1,5,7	MOP B7a,b,c PCC B10 , C2a,b, E2, H5 MHCT A2 , D1a,b, D2, D3, F2
9.	Recognize evidence-based practice in adult, older adult, and pediatric settings.	2, 3	PCC A1a , A2a,b,c, A3, C4a, E6a MHCT A5a

Note: * indicates WECM End-of-Course Outcome.

INSTRUCTOR CONTACT INFORMATION

Instructor: Stacey Ojemeni, DNP, MJ, RN (Course Leader)
Email: sojemeni@lit.edu
Office Phone: 409) 247-4926
Office Location: WAHTC 335
Office Hours: Tuesday, 9:30 a.m.–5:30 p.m.; Wednesday, 10:30–11:30 a.m. and 4:00–5:00 p.m.

ATTENDANCE POLICY

Students are expected to attend all classroom, laboratory, and clinical experiences. Therefore, absences should not be scheduled. If a student experiences an unplanned absence (illness or emergency), the student must contact the course faculty member by email or the administrative associate for the nursing program prior to the scheduled class, laboratory, or clinical time and provide documentation of the absence. Failure to notify faculty and/or provide adequate documentation of the absence may result in an unexcused absence and initiation of the disciplinary process.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process by the specified date as listed in the College Calendar on the [Student Success](#) web page. If you stop coming to class and fail to drop the course, you will earn an “F” in the course.

OUTLINE

- I. Professional nursing roles/role development (Texas Differentiated Essential Competencies)
 - A. Member of Profession, Provider of Patient-centered Care, Patient Safety Advocate, and Member of the Health Care Team.
 - B. Analysis of role-specific competencies based on exemplars
- II. Professional Nursing Attributes and Roles
 - A. Professionalism (Concept 36: Professional Identity)
 1. Roles of the Nurse (DECs)
 2. Professionalism, accountability, safety, quality, and collaboration
 3. Related to PNC I Exemplars: clinical judgment, leadership, health care law, legal/ethical, person-centered care, communication, evidence-based practice, health information technology, safety, teamwork & collaboration
 - B. Clinical judgment (Concept 40)
 1. NCSBN Clinical Judgment Measurement Model (CJMM)
 2. Clinical skills

- a. CJMM - recognize cues, analyze cues, prioritize hypotheses, generate solutions, take action, evaluate outcomes
 - b. Assessing wound/dressing decisions, timing and clustering of daily care
 - 3. Urgent/ Emergent situations (start oxygen, failure to rescue, rapid response Team)
 - a. CJMM - recognize cues, analyze cues, prioritize hypotheses, generate solutions, take action, evaluate outcomes
 - b. Medication management
 - c. When to contact physician or another health care provider
 - d. Documentation of care
 - C. Leadership (Concept 38)
 - 1. Power in the workplace
 - 2. Professional norms
 - 3. Delegation
 - D. Health Care Law (Concept 60)
 - 1. Medical negligence and malpractice
 - 2. Torts
 - 3. Civil Law
 - 4. Criminal Law
 - 5. Laws impacting healthcare
 - E. Ethical-legal (Concept 42: Ethics) Texas Nurse Practice Act, ANA Code of Ethics
 - 1. Informed Consent
 - 2. ANA Code of Ethics
 - 3. Texas Nurse Practice Act
 - 4. Healthcare access barriers / equity at the systems level
 - 5. Reimbursement models
- III. Concepts essential to professional nursing
- A. Person/Patient-centered care (Section I: Health care recipient concepts) (Concepts 1-5)
 - 1. Individual, population, community, vulnerable groups
 - 2. Scenarios related to exemplars
 - B. Communication (Concept 44)
 - 1. Peers and Health care Team members
 - 2. Assertive communication
 - 3. Therapeutic communication
 - C. Evidenced-based practice (Concept 39)
 - 1. Best Practices and Standards (related to exemplars)
 - D. Health information technology (Concept 48)
 - 1. Electronic health records
 - 2. Documentation
 - 3. Clinical decision support
 - 4. Data privacy and security
 - E. Safety (within health care quality) (Concept 47 Health Care Quality) IOM/NAM & QSEN

1. Time outs
2. Core measures
3. Anticipatory Guidance
4. CMS quality metrics
5. Identifying system contributors to error (QI tool)
- F. Teamwork and collaboration. (Concept 45)
 1. Conflict Management Strategies
 2. Group Process (Operating Room Team)
- IV. Application to exemplars presented in RNSG 1433 Health Care Concepts II
 - A. Acid-base balance
 - B. Coping
 - C. Clotting
 - D. Cognition
 - E. Comfort
 - F. Fluid and electrolytes
 - G. Gas exchange
 - H. Immunity
 - I. Metabolism
 - J. Nutrition
 - K. Perfusion

COURSE CALENDAR

DATE	CONCEPT	TOPIC	READING	ASSIGNMENT
Module 1: Aug. 26 2:00-3:40	36. Professional Identity	I. Professional nursing roles/role development (Texas Differentiated Essential Competencies) A. Member of Profession; Provider of Patient-centered Care; Patient Safety Advocate; Member of the Health Care Team B. Analysis of role-specific competencies	Texas Differentiated Essential Competencies • pp. 14-66 Giddens • pp. 409-417	In Class Discussion: Professionalism

		based on exemplars II. Professional Nursing Attributes and Roles A. Professionalism (Roles of the Nurse), accountability, safety, quality, and collaboration B. Related PNC I exemplars		
Module 2: Sept. 2 2:00-3:40	41. Person-Centered Care	A. Patient-Centered Care Health Care Recipient Concepts) 1. Individual, family, population/community, vulnerable groups 2. Scenarios from related exemplars	Giddens • pp. 2-13 • pp. 14-22 • pp. 23-31 • pp. 32-42 • pp. 43-51 • pp. 455-463	In Class Activity: Person/Patient-Centered Care Post Lecture Quiz #1: Sept. 6 by 11:59
Module 3: Sept. 9 2:00-3:40	40. Clinical Judgment	A. NCSBN Clinical Judgment Measurement Model (CJMM) 1. Clinical skills (Assessing wound/dressing decisions, timing and clustering of daily care) a. Urgent/ Emergent situations (start oxygen, failure to rescue, rapid response team) b. Medication management c. When to contact physician or another health care provider	Giddens • pp. 445-454	In Class Activity: Application

		d. Documentation of care		
Module 4: Sept. 16 2:00-3:40	47. Health Care Quality 46. Safety	E. Safety (Within health care quality) IOM/NAM & QSEN 1. Time outs 2. Core measures 3. Anticipatory Guidance 4. CMS quality metrics 5. System contributors to error 6. QI tools	Giddens • pp. 496-505 • pp. 506-514	In Class Activity: Application Post Lecture Quiz #2: Sept. 20 by 11:59
Module 5: Sept. 23 2:00-3:40	44. Communication 45. Collaboration	B. Communication 1. Peers and health care team members 2. Assertive communication 3. Therapeutic communication F. Teamwork & collaboration 1. Conflict Management Strategies 2. Group Process (Operating Room Team)	Giddens • pp. 482-487 • pp. 488-495	In Class Discussion: Team Approaches Post Lecture Quiz #3: Sept. 27 by 11:59
Module 6: Sept. 30 2:00-3:40	Exam I – See Exam Blueprint			
Module 7: Oct. 7 2:00-3:40	38. Leadership	A. Leadership (The role of leadership/management) 1. Power in the workplace 2. Professional norms	Giddens • pp. 426-433	In Class Activity: Active Learning

		3. Delegation principles		
Module 8: Oct. 14 2:00-3:40	42. Ethics	D. Ethics-Legal 1. Informed consent 2. ANA Code of Ethics 3. Texas Nurse Practice Act 4. Healthcare access barriers /equity at systems level	Giddens • pp. 464-472 • pp. 621-631 Texas Nurse Practice Act ANA Code of Ethics	In Class Discussion Application
Module 9: Oct. 21 2:00-3:40	60. Health Care Law	C. Medical-Legal Intersection 1. Medical negligence and medical malpractice 2. Torts 3. Civil law 4. Criminal law 5. Laws impacting healthcare	Giddens • pp. 621-631	Group Exercise Case Study
Module 10: Oct. 28 2:00-3:40	39. Evidence (Part I)	C. Evidence-Based Practice 1. Definition of EBP 2. Why EBP matters 3. Sources of evidence 4. PICOT questions 5. Evidence vs. Tradition 6. Best practices and standards (related to exemplars)	Giddens • pp. 434-444	In Class Discussion EBP

				Post Lecture Quiz #6: Nov. 22 by 11:59
Module 14: Nov. 25	NO CLASS – Holiday/School Closure			
Module 15: Dec. 2 2:00-3:40	Integrated Application	Application of previous course exemplars and exemplars presented in RNSG 1433 Health Care Concepts II	Giddens • All previous chapters	Group Exercise Case Study
Module 16: Dec. 9	Comprehensive Final Exam – See Exam Blueprint			

COURSE EVALUATION

Final grades will be calculated according to the following criteria:

Evaluation Method	Course Grade %
1. Exam I	25%
2. Exam II	25%
3. Comprehensive Final Exam	30%
4. Post Lecture Quizzes	10%
5. In-Class Learning Activities, Discussions, & Professional Engagement	5%
6. Group Exercises – Case Studies (2)	5%
Total:	100%

Note: To successfully pass this course, students must achieve a minimum average of 75% across all exams. Students who do not meet this benchmark will not pass the course, regardless of their assignment performance. *(Standardized Exams are not included in the 75% exam rule calculation.)*

GRADE SCALE

90-100	A	
80-89	B	
75-79	C	*75% is required to successfully complete
60-74	D	
0-59	F	

TECHNICAL REQUIREMENTS

For the latest technical requirements, including hardware, compatible browsers, operating systems, etc., review the Minimum Computer and Equipment Requirements on the [LIT Online](#)

[Experience](#) page. A functional broadband internet connection, such as DSL, cable, or Wi-Fi, is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is in the Eagles' Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at [Special Populations - Lamar Institute of Technology \(lit.edu\)](#).

STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the *LIT Catalog and Student Handbook*. The *LIT Catalog and Student Handbook* may be accessed at www.lit.edu. Please note that the online version of the *LIT Catalog and Student Handbook* supersedes all other versions of the same document.

PROFESSIONAL APPEARANCE AND DRESS CODE

Students are expected to maintain a professional appearance consistent with the LIT Student Handbook, Nursing Program Student Handbook, and expectations of the nursing profession. For regular classroom activities, nursing uniforms are not required unless otherwise directed. Clothing should be clean, appropriate for the educational setting, provide suitable coverage, and not interfere with safety or participation. Professional, business professional, or business-casual attire may be required for designated activities such as interviews, presentations, guest-speaker events, networking activities, or other professional-development experiences. Students will be notified in advance when professional attire is required. For activities conducted in the skills lab, simulation, clinical, healthcare, or community settings, students must follow applicable Nursing Program and agency-specific dress, grooming, identification, and safety requirements. Students are responsible for arriving appropriately dressed and prepared for scheduled activities. Concerns regarding attire will be addressed in accordance with course, Nursing Program, and LIT policies.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom

instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions regarding the acceptable use of AI/ChatGPT in their courses.

ARTIFICIAL INTELLIGENCE IN NURSING COURSES

Students are expected to follow course assignment instructions and grading rubrics. Unless otherwise indicated in the assignment instructions, information obtained through AI resources should not be submitted as a student's original work. Unless specifically granted by individual faculty members, **students do not have permission to upload faculty intellectual property** (PowerPoint Presentations, lecture notes, assignments, course materials, voice or lecture recordings) to any AI platform. Students demonstrating these behaviors or other inappropriate use of AI may be subject to disciplinary processes.

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you succeed as a student at LIT.

ADDITIONAL COURSE POLICIES/INFORMATION:

TEACHING STRATEGIES

Concept-Based Teaching
Concept Mapping
Case Studies and Clinical Judgment Application
Group Active Learning and Reflective Activities
Faculty-Guided Discussion
Student-Led Discussions, Activities, and Peer Teaching
Multimedia and Technology

COURSE GRADING AND ASSIGNMENTS

Class attendance and satisfactory completion of all assignments are essential to be successful in the course.

ACADEMIC DISHONESTY

Students enrolled in the nursing program at LIT must maintain academic and behavioral expectations consistent with the profession of nursing and in accordance with the nursing program Student Handbook. *Standards of nursing practice include (but are not limited to)*

behaviors indicating honesty, accountability, trustworthiness, reliability, and integrity. The inability of a student to consistently conform his/her/their conduct to requirements of the Nursing Practice Act and BON rules and regulations through a single incident or pattern of personal, academic, or other unacceptable behaviors will result in the disciplinary process. The disciplinary process may include verbal counseling, written counseling, and or dismissal from the nursing program.

SHERPATH LESSONS

Sherpath lessons accompany the textbook and are accessed through the Evolve website using the student login and are linked to the Blackboard® course. Sherpath lessons are assigned to reinforce student learning and facilitate review of content.

AUDIENCE RESPONSE QUESTIONS

Faculty may utilize an audience response system or in class quizzing. This strategy is utilized to assess class understanding of the content and to promote critical thinking. It is essential for students to come to class prepared and actively engage in the discussion to earn a grade for Audience Response Questions. Grades on Audience Response Questions will be calculated into the course average after a 75% average on all exams is achieved.

POST LECTURE QUIZZES

Post lecture quizzes are aligned with the concept(s) presented in the lecture. Quizzes may be assigned weekly after the lecture. Students are required to complete each quiz individually by the due date to receive credit. Make up quizzes are generally not allowed except for extenuating circumstances discussed with faculty.

NURSING PROCESS (NP) AND CLINICAL JUDGMENT (CJ) GROUP APPLICATION EXERCISES

Nursing Process and Clinical Judgment Group Application Exercises will be assigned to groups of students in class. Students are required to actively engage and participate in completing the exercises. Exercises assigned during class are due at the end of class and must be submitted to Blackboard®. Peer evaluation of each group member's participation will contribute to each student's grade on the assignment.

COURSE EXAMS

Two (2) unit exams and a comprehensive final exam will be administered during this course. In the event of a missed unit exam, the final exam grade will be the missed exam grade, provided the absence is excused and approved by the instructor or program director. Exams will be taken in person during class time. Upon entry to the testing room, students must show the official LIT Student ID. The ID must always remain visible on the student's desk during exam administration. The following items are not allowed in the testing room:

- Hats, caps, scarfs, hooded shirts (unless religious covering)
- Food, candy, drinks
- Cell phone, electronic devices, smart watches, smart glasses, recording devices

LATE ASSIGNMENTS

Late assignments are generally not accepted in this course. Group NP and CJ application exercises are due at the end of the class period. Students who are absent and document excused extenuating circumstances (i.e. severe illness or natural disaster) must notify the faculty member of the circumstance prior to class and work collaboratively with faculty prior to the due date on the assignment to develop a plan for submitting the assignment. This collaboration should occur prior to weekends or school holidays. Assignments will not be accepted late without prior arrangements. Students must be present to earn Audience Response Question grades, and all exams are taken in person. Students who are sick on exam day must notify faculty by email prior to the exam start time. Valid documentation must be provided to the faculty member for arrangements to be made for retaking the exam or an alternate solution as determined by the Nursing Program Director.

PERMISSION TO RECORD LECTURES

Students are not allowed to record (audio or video) lectures or class discussions without the express permission of the faculty member. This includes pictures of presentations.

CIVILITY

Learning can be an intimidating experience for some students. It is imperative that students in the AASN program are respectful and civil to student colleagues as well as faculty to facilitate a safe and effective learning environment. It is imperative for students to realize that all students do not process information in the same manner or learn information in the same way. The AASN program faculty respects the diversity of our students, which includes diversity of learning styles. Civility is maintained when there is order, respect for the teaching and learning process, empathy, and consideration for others. Students are expected to demonstrate civility in the classroom, online environment, and in all face-to-face and electronic communications. Demonstrations of uncivil behavior are unacceptable, do not demonstrate attributes of a professional nurse, and may result in initiation of the disciplinary process including but not limited to the student being excused from the experience, course, and potentially the nursing program.

CALCULATE YOUR GRADE (75% Weighted Grade Rule)
