

CLINICAL: REGISTERED NURSING/REGISTERED NURSE III (RNSG 2362)

LAMAR INSTITUTE OF TECHNOLOGY

CREDIT

3 Semester Credit Hours (0 hours lecture, 16 hours lab) 256 Contact Hours

MODE OF INSTRUCTION

Face to Face

PREREQUISITE/CO-REQUISITE:

Prerequisite: RNSG 2361, good standing in program

Co-Requisite: RNSG 1137

Companion: RNSG 1438

COURSE DESCRIPTION

A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

COURSE OBJECTIVES/ COURSE MEASURABLE STUDENT LEARNING OUTCOMES

	Upon completion of this course, the student will be able to	Companion Course Outcome (RNSG 1438)	End of Program Student Learning Outcome (EOP SLO)	Differentiated Essential Competency (DEC)
1.	*As outlined in the learning plan, apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with the occupation and the business/industry.	1,3,4	1,2,3,4,5,6,7,8	MOP-CJ: D1, D3, D5 PCC-CJ B9b, C7, H6 MHCT-CJ C2b,c, D1c,2a,b,c,3a, b,c
2.	*Demonstrate legal and ethical behavior, safety practices, interpersonal and teamwork skills, and appropriate written and verbal communication skills using the	5,8,10	1,2,3,4,5,6,7,8	MOP-CJ B2a,B4a,b,c,B 5a, B8,B9, D6

	terminology of the occupation and the business/industry.			PCC-CJ D2a-d, E4,8,10, F5a,b,6 PSA-CJ: A4, A5a,b, B2 MHCT-CJ B1bD4
3.	Examine the role of the professional nurse within the nurse's legal scope of practice and in accordance with policies in the practice setting.	5	1	MOP-CJ A1,2,3a,b, B6a PCC-CJ E11, 12a,b PSA-CJ A2, B3a,b, D1,2,3, F1
4.	Examine evidence-based clinical reasoning and judgments for optimal patient outcomes.	6	2	PCC-CJ A1,B5, B6, B7, E12a PSA-CJ A3c MHCT-CJ: B2
5.	Relate evidence-based practice outcomes as a basis for decision-making for diverse patients and groups across the lifespan.	7	3	PCC-CJ A4,5, E5b, F2a,b, G2b PSA-CJ C1 MHCT-CJ A3, D1b
6.	Support compassionate, theory-based, individualized, culturally sensitive and patient-centered care including therapeutic communication for diverse patients across the lifespan.	8	4	MOP-CJ B3a,b,c PCC-CJ A2a,b,c, C1, E1,5a, 9
7.	Question patient goals, assignments, delegation tasks, and mandatory reporting based on knowledge of the Texas Nursing Practice Act and best safety practices which reduce risk.	9	5	MOP-CJ B4c, D4 PCC-CJ C2, E12b, PSA-CJ A5a,bB1, C2a,b, E1,3
8.	Support teamwork and collaboration strategies in the role of healthcare	10	6	MOP-CJ B6b,c

	advocate for diverse patients and groups across the lifespan.			PCC-CJ E7a,b,c, F3a,b, G2a,7, H3 PSA-CJ B4,5,6 MHCT-CJ A2a,b, B3a,b,c, C2a, 3a,b
9.	Implement interprofessional care and teamwork strategies including professional communication during global health emergencies, pandemics, and other situations to promote health, patient safety, equity, and inclusion.	11	7	MOP-CJ C2 PCC-CJ B3a, E3a,b,6a-d, F1a,b,c, G4,5a,b,6 PSA-CJ B7,8 MHCT-CJ B1a, C4, G1,2,3
10.	Differentiate goals and strategies for diverse patients/families across the lifespan and in various settings, for health promotion, disease prevention, rehabilitation, health maintenance, and the restoration of health.	12	8	MOP-CJ 5b PCC-CJ B4,B8, C2, C3a,b, D3a,b,c, E2a,b,c, 13, F4,5c, G1,3 PSA-CJ B9 MHCT-CJ A1, C1a,b,c, D1a

OUTLINE: Preconference/Post conference

- I. Clinical Reasoning and Judgment in the Medical-surgical, Pediatric, Maternal-newborn, and mental health settings
- II. Cellular Regulation & Comfort
- III. Best safety practices to reduce risk
- IV. Immunity & Intracranial Regulation
- V. Evidence-based Practice in medical-surgical, pediatric, maternal-newborn, and mental health settings (related to this semester's concepts and exemplars)
- VI. Mobility & Reproduction
- VII. Sexuality & Human Development
- VIII. Patient advocacy & interprofessional teamwork
- IX. End of Life & Grief
- X. Interpersonal Relationships & Mood Affect
- XI. Diversity, Cultural Competence, Equity (access to healthcare)

COURSE CALENDAR

***Two 12-hour shifts per week x 8 weeks, community rotations, orientation, mid-term, final evaluation*

DATE	TOPIC	ASSIGNMENTS
Week #1 Thursday 6/4/26 0800-1700	Orientation/ Drug Calculation Conference: Clinical Reasoning and Judgment in the Medical-surgical, Pediatric, Maternal-newborn, and mental health settings (Drug Calculations & Clinical Documentation Expectations)	Drug Calculation Practice (by weight/ pedi and L&D specific) ATI Communicator 2.0 Modules (Due 6/3/26 @ 1159PM): <ul style="list-style-type: none"> • Aging Client • Respecting client’s Cultures • Client Comfort & End of Life Care • Civility & Patient Safety in the Clinical Environment • Professionalism & Civility in Nursing Practice Dosage Calculation Exam – Attempt #1 (6/4/26 @ 1:00 PM) Discuss <ul style="list-style-type: none"> • Weekly Journal • Nursing Process/CJM • Clinical Documentation • Virtual Simulations
Week #1 Friday 6/5/26 0800-1700	L&D/ Pedi Skills/Sim Day <ul style="list-style-type: none"> • L&D assessment of mom • Fetal Heart Rhythms/assessment • Postpartum Assessment • Newborn Assessment 	Dosage Calculation Exam – Attempt #2 (if needed) (6/5/26 @ 8:00 AM)

	<ul style="list-style-type: none"> • Pediatric Assessment • Emergency Situations 	<p>ATI SWIFT RIVER SIMULATIONS (Due 6/4/26 @ 1159 PM)</p> <ul style="list-style-type: none"> • MN- Newborn Assess-Zayne Reddy • MN-Normal Labor – Cindy Mason <p>Discuss</p> <ul style="list-style-type: none"> • Clinical Documentation requirements

Week #10	Final Evaluation – Date & Time TBA (per clinical faculty)	

TEACHING STRATEGIES

- Direct Patient Care Experiences
- Clinical Judgment Development
- Faculty Clinical Rounding & Guided Questioning
- Pre- and Post-Conference Discussions
- Medication Administration & Safety Practices
- Simulation & Skills Reinforcement
- Case Studies and Concept-Based Learning
- Reflective Practice
- Collaborative Learning
- Community Service Learning
- Documentation and Clinical Assignments
- Evidence-Based Practice Integration

COURSE EVALUATION

Student learning outcomes in the clinical setting are evaluated using the Clinical Evaluation Instrument (CEI) at midterm (Midterm Evaluation) and at the end of the semester (Final Evaluation). At midterm, students may receive ratings of “Exceeds Standard,” “Meets Standard,” or “Needs Improvement.” Any areas identified as Needs Improvement must be remediated prior to the Final Evaluation to successfully pass the clinical course. Final clinical grades are calculated based on points earned for each Student Learning Outcome. A minimum score of 75% is required to pass the clinical course.

GRADE SCALE

90-100	A	
80-89	B	
75-79	C	*Required for progression in nursing.
60-74	D	
0-59	F	

FINAL GRADE ROUNDING POLICY

Final course grades are rounded only at the conclusion of the course after all grades have been calculated. Grades ending in 0.5 or higher will be rounded to the next whole number (e.g., 74.5 rounds to 75; 89.5 rounds to 90). Grades are not rounded on individual exams, assignments, quizzes, or interim grade calculations. Faculty do not add extra points, curve grades, or individually adjust grades outside of the published grading policy.

STANDARDIZED TESTING POLICY

Students are required to complete all assigned standardized assessments associated with this course. Standardized testing is intended to support NCLEX-RN preparation, evaluate readiness for professional practice, and identify areas requiring remediation based on student scores in comparison with national program scores.

Standardized exams will not account for more than 10% of the course grade in accordance with best practices for standardized testing and Texas Board of Nursing regulations. Standardized exam scores will be calculated in the course grade if all requirements are submitted by the due date. Remediation for standardized exams is required.

ATTENDANCE POLICY

Students are expected to attend all classroom, laboratory, and clinical experiences. Therefore, absences should not be scheduled. If a student experiences an unplanned absence (illness or emergency), the student must contact the course faculty member by email or the administrative associate for the nursing program prior to the scheduled class, laboratory, or clinical time and provide documentation of the absence. Failure to notify faculty and/or provide adequate documentation of the absence may result in an unexcused absence and initiation of the disciplinary process.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process by the specified date as listed in the College Calendar on the [Student Success](#) web page. If you stop coming to class and fail to drop the course, you will earn an “F” in the course.

TECHNICAL REQUIREMENTS

For the latest technical requirements, including hardware, compatible browsers, operating systems, etc., review the Minimum Computer and Equipment Requirements on the [LIT Online Experience](#) page. A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles’ Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at [Special Populations - Lamar Institute of Technology \(lit.edu\)](#).

STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the *LIT Catalog and Student Handbook*. The *LIT Catalog and Student Handbook* may be accessed at www.lit.edu. Please note that the online version of the *LIT Catalog and Student Handbook* supersedes all other versions of the same document.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses.

AI IN NURSING COURSES

Students are expected to follow course assignment instructions and grading rubrics. Unless otherwise indicated in the assignment instructions, information obtained through AI resources should not be submitted as a student's original work. Unless specifically granted by individual faculty members, students do not have permission to upload faculty intellectual property (PowerPoint Presentations, lecture notes, assignments, course materials, voice or lecture recordings) to any AI platform. Students demonstrating these behaviors or other inappropriate use of AI may be subject to disciplinary process.

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.

ACADEMIC DISHONESTY

Students enrolled in the nursing program at LIT must maintain academic and behavioral expectations consistent with the profession of nursing and in accordance with the nursing program Student Handbook. *Standards of nursing practice include (but are not limited to) behaviors indicating honesty, accountability, trustworthiness, reliability, and integrity.* The inability of a student to consistently conform his/her/their conduct to requirements of the Nursing Practice Act and BON rules and regulations through a single incident or pattern of personal, academic, or other unacceptable behaviors will result in the disciplinary process. The disciplinary process may include verbal counseling, written counseling, and or dismissal from the nursing program.

LATE ASSIGNMENTS

Late assignments are generally not accepted in this course. Group NP and CJ application exercises are due at the end of the class period. Students who are absent and document excused extenuating circumstances (I.e. severe illness or natural disaster) must notify the faculty member of the circumstance prior to class and work collaboratively with faculty prior to the due date on the assignment to develop a plan for submitting the assignment. This collaboration should occur prior to the weekend or school holiday. Assignments will not be accepted late without prior arrangements. Students must be present to earn Audience Response Question grades, and all exams are taken in person. Students who are sick on exam day must notify faculty by email prior to the exam start time. Valid documentation must be

provided to the faculty member in order for arrangements to be made for retaking the exam or an alternate solution as determined by the Nursing Program Director.

PERMISSION TO RECORD LECTURES

Students are not allowed to record (audio or video) lectures or class discussions without the expressed permission of the faculty member. This includes pictures of presentations.

CIVILITY

Learning can be an intimidating experience for some students. It is imperative that students in the AASN program are respectful and civil to student colleagues as well as faculty in order to facilitate a safe and effective learning environment. It is imperative for students to realize that all students do not process information in the same manner or learn information in the same way. The AASN program Faculty respect the varied backgrounds, experiences, and learning styles of our students. Civility is maintained when there is order, respect for the teaching and learning process, empathy, and consideration for others. Students are expected to demonstrate civility in the classroom, online environment, and in all face-to-face as well as electronic communications. Demonstrations of uncivil behavior are unacceptable, do not demonstrate attributes of a professional nurse, and may result in initiation of the disciplinary process including but not limited to the student being excused from the experience, course, and potentially the nursing program.

DRESS CODE

Student appearance is expected to be professional in nature during all class, lab, and clinical experiences. (See Dress Code Policy in the Student Handbook)

- Dress for classroom experiences should be comfortable and appropriate for the experience.
- Students should be considerate of others and avoid potentially offensive graphics, expressions, clothing that is tight or revealing, maintain good hygiene, and avoid using strong scents (cologne/perfume and strong-smelling soap/lotion).
- Students not adhering to these standards may be dismissed resulting in an unexcused absence, zero on any daily assignment, and initiation of the disciplinary process.

ADDITIONAL COURSE POLICIES/INFORMATION

COURSE GRADING AND ASSIGNMENTS

Class attendance and satisfactory completion of all assignments are essential for success in the course.

DRUG CALCULATION EXAM

A drug calculation exam will be given prior to students being allowed to administer medications during clinical. Students must pass the exam with a 90%. Remediation is required for a score

less than 90%. Students will be given three opportunities to score 90% or greater. Remediation is required between attempts. Failure to pass the drug calculation exam on the third attempt will constitute course failure.

CLINICAL ROTATIONS

Students will participate in clinical experiences at several different sites. Preconference preparation and discussion will be held at a designated place on the nursing unit. Students assigned to community settings will discuss daily activities when the faculty member rounds and at the specified post conference time. Specific student learning outcomes and activities will be required before and after each clinical experience at the following sites:

- Medical-surgical/ hospital (adult/older adult) Trauma, oncology, med-surg, endoscopy, neuro, rehabilitation (orthopedic), palliative care, telemetry
- Pediatrics (Hospital and Community)
- Maternal-newborn (labor and delivery, newborn care) Hospital & Community
- Mental Health (Mental Health Facility & comorbidity with medical issue)
- Community: Hospice, Health Department (Nurse-family partnership), Kid's Therapy, Aveona

ASSIGNMENTS

1. Journal (weekly, addressing rotations that week, all outcomes must be addressed by the end of the semester)
 - o Reflection
 - o Outcomes 4 & 5: Evidence-based practice
 - o Outcome 6: Compassionate and individualized care
 - o Outcome 7: Best safety practices
 - o Outcome 8: Interprofessional collaboration and advocacy
 - o Outcome 9: Diversity & access to health care
2. Nursing Process and Clinical Judgment (including health history and assessment)
 - o Medical-surgical (adult/older adult) (1-2 successful completion)
3. Clinical Documentation (direct patient care experiences)
 - o Complete Assessment (including vital signs, intake & output)
 - o Nurses' Notes (documentation every 2 hours minimally, must be directed at primary problem, identify top problems)
 - o Medication Sheets (Portfolio)
 - 1) Complete for all meds to be administered, be prepared to explain to faculty prior to administering medications.
 - 2) Bring Portfolio (may use sheets already completed in portfolio (explain application to YOUR patient that day)

4. Pre-Clinical Preparation (Required, failure to prepare will result in being sent home and require assigned make-up day):

Orientation Day (on campus):

- o ATI Communicator 2.0:
 - 1) Aging Client
 - 2) Respecting Clients' cultures
 - 3) Client Comfort and End of Life Care
 - 4) Civility and patient safety in the clinical environment
 - 5) Professionalism and Civility in nursing practice

Simulation Day(OB-Pedi Skills Day)

- o ATI Swift River Simulations
 - 1) MN-Newborn Assess-Zayne Reddy
 - 2) MN-Normal Labor-Cindy Mason

Medical Surgical:

- o ATI Swift River Simulations
 - 3) Med-surg-Metastatic Colon Cancer-Robert Sturgess
 - 4) COMM-long-term C4 injury-Genevieve Osaka

Hospice:

- o ATI Swift River Simulations
 - 5) COMM-Dementia-Rober McClusky
 - 6) COMM-Glioblastoma multiforme-Jack Storis

Health Department / Community:

- o ATI Swift River Simulations
 - 7) COMM-STI/Contraception-Jenny Smith
 - 8) Med-Surg-TB-Carlos Mancia

Labor & Delivery (L&D):

- o ATI Swift River Simulations
 - 9) MN-Placenta Previa-Jessica Wu
 - 10) Obstetrics-Preterm Labor 28 wk-Michelle Lewis

Mother Baby (MB):

- o ATI Swift River Simulations
 - 11) COMM-PP depression-Maria Sanchez

Pedi or Pedi ER:

- o ATI Swift River Simulation
 - 12) Pediatrics-Down's-congenital heart-Bridgette Allen
 - 13) Pediatrics-Head Injury-Sam Knight

- 14) Pediatrics-Seizure-Zoe Glover
- Neonatal Intensive Care Unit (NICU):
- ATI Swift River Simulations
 - 15) Pediatrics-Failure to Thrive-Jose Rodriguez
 - 16) Pediatrics-ICP/VP Shunt-Janeya Stone

Psychiatric Unit (PSYC):

- ATI Swift River Simulations
- 17) MH-BIPOLAR Avery Vergara
- 18) MH-MAJ DEPRESS Mary Jane
- 19) MH-SUICIDE Jared Walker
- 20) MH-ADHD Sasha Fedorov

5. COMMUNITY SERVICE LEARNING

- 30 hours of Community Service Learning (CSL) are required
- Procedures for approval of CSL are located in the Student Handbook and Center for Nursing Excellence (On Blackboard)
- Students must submit hour log on Blackboard by the due date or approved plan to complete the hours
- CSL Learning Outcomes
 - 1) Use cultural competence and sensitivity with diverse populations
 - 2) Interpret social determinants of health and health disparities
 - 3) Examine collaborative skills through interprofessional and community partnerships
 - 4) Explore social responsibility and civic engagement
 - 5) Implement reflective practice and self-awareness in community health settings
