ATTENDANCE POLICY for 0373 (On-Line):

Attendance is worth 20% of your grade and is calculated on completion of assignments in 0373 gradebook. This means for a grade of “100” in attendance, students must complete all assignments in 0373. Each assignment’s value is determined by the number of assignments (except extra credit assignments) in this course or gradebook for 0373 and divided into “100”. The number of completed assignments is multiplied by the “per assignment value” above which will be the “attendance grade”.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process by the specified drop date as listed on the [Student Success](#) web page. If you stop coming to class and fail to drop the course, you will earn an “F” in the course.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses.

ADDITIONAL COURSE POLICIES/INFORMATION STUDENT

EXPECTED TIME REQUIREMENT

For every hour in class (or unit of credit), students should expect to spend at least two to three hours per week studying and completing assignments. For a 3 credit-hour class, students should prepare to allocate approximately six to nine hours per week outside of class in a 16- week session OR approximately twelve to eighteen hours in an 8-week session. Online/Hybrid students should expect to spend at least as much time in this course as in the traditional, face to-face class.

Expectations:

*Keep in mind that each student comes from a different cultural background and brings with her or him a different set of beliefs and values.

*As a result, students may disagree on various topics during class discussions.

*Disagreements lead to critical thinking, scholarly debates, and learning only when each member of the class respects the different opinions of others. Disrespect for others will not be tolerated.

*****ASSIGNMENT SUBMISSIONS**

Each assignment, in Blackboard, has an answer document attached, or a blank document attached (except for some in-class (extra credit) assignments which do not require separate document submission). This answer document or blank document which is attached to the assignment areas, must be used to answer questions or complete paragraphs or essays. If the above documents are not used, then I will not accept the submission (s). In addition, I will only accept answer documents in "word" or office 365, which is available to students. I do not accept any assignments in my LIT email, or documents in Pages (iPhone submissions), shared Google documents, images, pictures, JPEG, or links. These documents are not processed by Blackboard Safe Assign which all students must agree to use before document submission. If you do not have "word" on your PC, then use the computers on campus, or call the Tech Center at 409 839 2074. It is free. Please make sure you are not working on a tablet, chrombook, or and PC which does not have the capability to save documents to your computer desktop. Ask before you

purchase a new device, about the PC and whether or not documents can be saved to its desktop. If not, do not purchase it.

*****0373 Assignments and Late assignment Due Dates**

No 0373 assignments are accepted after 11:59 PM Wednesday, December 2, except the final exam essay which is due by 11:59 PM, Sunday, December 06, and is listed in the assignment schedule above. The final exam is due on the date in the Blackboard Assignment Schedule and cannot be made up. It is in the category of 20%, and if not submitted, grade levels may drop by one to two grade levels to a non passing grade status. Late submissions of either of the above, will not be accepted or graded.

Also, 10 to 15 points will be taken off for each late assignment which is not submitted or attempted until 3 weeks before the last class day of classes for the semester. This also includes second or third attempts on previous attempts submitted. This is because re grading these assignments or grading many assignments in a short space of time is very difficult and requires a lot of extra time. Therefore, make sure you keep all your assignment submissions current.

All Khan Academy assignments are due: Friday, December 04, before 11:59 PM. Assignment due dates for 0373 are in your assignment schedule posted on Blackboard content page. No units or assignments will be reopened after they close. Students who are unable to participate in submitting class assignments, or timely submit assignments due to injury/illness, should provide documentation from a licensed healthcare provider verifying dates the student is excused from work/school. If the instructor does not need this documentation, I will let you know. Medical documentation must verify the beginning date of injury/illness as well as the ending date (date of return). Medical documentation must be submitted within 5 days of the injury or illness and missed work must be submitted within a week after this documentation.

Academic Honesty

Students found to be committing academic dishonesty (cheating, plagiarism, or collusion) may receive disciplinary action. Students need to familiarize themselves with the institution's Academic Dishonesty Policy available in the Student Catalog & Handbook at <http://catalog.lit.edu/content.php?catoid=3&navoid=80#academic-dishonesty>. Academic honesty is expected on all assignments. Please see the LIT student handbook for more information about academic honesty and the penalty for breaking academic honesty. Plagiarism is submitting someone else's work, either published or not, as your own, and is not allowed. Plagiarism includes patchworking together assignments from any type of internet search. You also may not use your own work from a previous class in my class, even if it was my

class. If a student used a previous essay topic or paragraph topic for my class, or another class, then a different topic for these assignments must be chosen, or the assignment will not be accepted. If an assignment is plagiarized, then I do not allow anymore attempts on those assignment(s). *All writing assignments are submitted to SafeAssign in Blackboard to be reviewed for plagiarism, but this is not the only method I use to check for plagiarism. I will be running all written assignments through several, online, AI generators, including ChatGPT Zero, Scribbr, and QuillBot. Assignments that receive a significant portion of their assignment pinged for AI will receive a 0 unless proven otherwise.

Students who plagiarize may receive anywhere from a deduction of 50 pts. to a "O" on writing assignments which include the final exam essay. Second attempts on plagiarized assignments will not be accepted.
